Try putting the words into sentences, use a dictionary (you can find dictionaries online if you don't have one at home) if you aren't sure of the meaning.

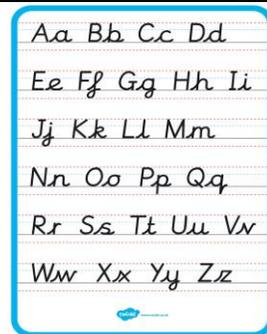

There are some good games here you can use for free : https://www.spellzone.com/word_lists/games-12890.htm

This week I would like you to practise using prefixes. Remember prefixes are groups of letters that go at the start of a word to change its meaning. Click on this link - <https://www.bbc.co.uk/bitesize/topics/zqgs6f> Play the games after watching the videos. I would like you to copy out these spellings and write the prefix in one colour and the root word in another: Can you put these words into sentences, remembering to use capital letters and full stops? For example - untie redo unhappy disappear mistrust unkind disloyal misspell retake misplace Can you put these words into sentences, remembering to use capital letters and full stops?

Handwriting: <https://www.kidzone.ws/cursive/>

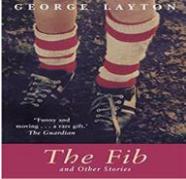

Remember when you are practising your handwriting to start each letter on the line. Practise two lines of each letter, when you feel confident that you are forming each letter correctly you can try to write some words. This week I would like you to focus on the upper case letters. Have a go at practising uppercase A B C and D. Can you think of some words, which begin with a capital A B C or D? Remember these words will be proper nouns because they begin with a capital letter.

It's been a pretty strange time but, in the end, everything will go back to how things were but, hopefully, we'll all be a bit wiser. Put your pieces of writing together in your writing journal.
