Perform balances on different body parts with some control and balance.

Take body weight on different body parts, with and without apparatus.

Show increased awareness of extension and flexibility in actions.

Copy, remember, repeat and plan linking simple actions with some control and technique.

Complete balances with increasing stability, control and technique.

Demonstrate some strength and control when taking weight on different body parts for longer periods of time.

Demonstrate increased flexibility and extension in their actions.

Choose actions that flow well into one another both on and off apparatus.

Use body tension to perform balances both individually and with a partner.

Demonstrate increasing strength, control and technique when taking own and others weight.

Demonstrate increased flexibility and extension in more challenging actions.

Plan and perform sequences showing control and technique with and without a partner.

Show increasing control and balance when moving from one balance to

Use strength to improve the quality of an action and the range of actions available.

Use flexibility to improve the quality of the actions they perform as well as the actions they choose to link them.

Create and perform more complex sequences of actions with a good level of quality, control and technique with and without a partner.

Combine and perform more complex balances with control, technique and fluency.

Demonstrate more complex actions with a good level of strength and technique.

Confidently transition from one action to another showing appropriate control and extension for the complexity of the action.

Plan and perform with precision, control and fluency, a sequence of actions including a wide range of skills.

Practise skills independently.

Try again if they do

not succeed.

Confident to try new tasks and challenges.

Show determination to continue working over a longer period of time.

Determined to complete the challenges and tasks set.

Explore skills independently before asking for help.

Confident to share ideas, contribute to class discussion and perform in front of others.

Understand what maximum effort looks and feels like and show determination to achieve it.

Use different strategies to persevere to achieve personal best.

Compete within the rules showing fair play and honesty when playing independently.

Confident to attempt tasks and

challenges outside of their comfort zone.

Begin to identify personal success.

Choose own movements and actions in response to simple tasks e.g. choosing to travel by skipping.

Begin to provide simple feedback saying what they liked or thought was good about someone else's performance. Make decisions when presented with a simple challenge. E.g. move to an open space towards goal.

Begin to select and apply skills to use in a variety of differing situations.

E.g. choose to use a balance on their bottom on a wider piece of apparatus.

Provide feedback beginning to use key words from the lesson.

Pupils make quicker decisions when selecting and applying skills to a situation. E.g. who to pass to and where to move.

Select and apply from a wider range of skills and actions in response to a task.

Provide feedback using key terminology.

Reflect and evaluate their performances both as a group and as an individual and suggest areas for improvement.

Recognise and explain their thought process when playing games or completing tasks. E.g I moved here because my teammate was over there.

Identify their own and others' strengths and areas for development providing sensitive feedback and can suggest ways to improve.

Select and apply appropriate skills for the situation when under pressure.
